

Welcome to St. Mary's

The church will be open for private prayer on Sundays between 12 and 4pm. It will not be open on Sunday July 5th, but will be open on Sunday July 12th and future Sundays. For now, services will remain on Zoom.

You are very welcome to enjoy this special place to sit quietly, collect your thoughts, pray, or give thanks or seek comfort in these still challenging times

We have carried out a risk assesment provided by the Church of England, but for everyone's safety please follow current NHS guidance as well as these simple rules

- Do not come in if you think you might have COVID-19 or have recently come into contact with someone who has
- Stay two metres apart at all times from anyone not in your household
- Use the hand sanitiser provided before you enter and leave, and once you have shut the mesh doors behind you
- Please note that there is no lavatory or hand washing available in the church
- Not all areas of the church are open, but there is room to sit in the pews on the south side of the church. Remember 2m/6ft distance !
- Please take a 'post it' note from the table and leave it where you sit so others know where not to sit
- Do not touch any other items or surfaces

Feel free to contact any member of the Ministry Team for any pastoral matters, or the Churchwarden on 01449 711816 for anything related to the building
